Orders of photographs and documents

The costs for photographs and reproductions from the Museum Ulm / HfG-Archive is made up of the following parts:

1. **Fees for the appropriation** of analogue or digital photographic material by the Museum / HfG-Archive (in a selection or as printable templates).

2. **Publication fees.** As far as the rights of use of the pictures and documents are held by the Museum Ulm / HfG-Archiv, the Museum charges the corresponding fees (see below). In the case of part of the holdings (in particular the Aicher Archive), the rights of use lie with the authors or heirs and must be obtained by the users themselves for publication. We will be like to establish the contact for this on request.

3. **Other costs** (shipping, bank charges)

For most works of art there are also costs for copyrights of the respective artists, including for illustrations of the HfG building or the Ulmer Hocker. The Verwertungsgesellschaft (VG) Bild-Kunst is partly responsible for their exploitation.
